## Release Notes for PCC OTC Release 5.7.1

Release 5.7.1 of PCC OTC was released on June 2, 2012. This release included one modification:

- Correction to LVD record download date fields

### LVD Records

The PCC OTC 5.7.1 modification includes correction to the LVD record download date fields:

- Updated to ensure LVD data downloaded from ELVIS to local POS workstations includes consistent and accurate date fields (e.g., Deny Date, Modify Date and Capture Date) to avoid impact to the Check Verification step in POS.
